

Y11 Support timetable 2018-19

In order to support Y11 with managing their revision and to target other support/intervention appropriately, we have agreed the schedule below which makes clear when subjects will offer support sessions. This may be 1:1, small group, or, occasionally, support offered to whole classes. Some departments have also made available **voluntary** additional sessions on Saturdays.

Please be assured that all sessions are voluntary unless you receive contact from the relevant **Head of Faculty** to confirm that students' attendance is compulsory (this may be because of missed deadlines with coursework or a period of absence from school, for example).

We hope this strategy will alleviate pressure on students who may have had difficulty making decisions between attendance at different subjects. Where the same subject appears on the same night, the relevant Heads of Department will negotiate over the priority for students. Not all subjects will have something running every week, so students should speak with their teachers about the support planned. Should you have any queries, please do not hesitate to contact the relevant Head of Faculty:

Ms Rachel McGhie – RMcGhie@henleyschool.com

Faculty of English, Languages and the Arts

(English, French, Spanish, Dance, Music, Performing Arts Acting)

Ms Emma Gault – EGault@henleyschool.com

Faculty of Mathematics and Technology

(Mathematics, Information Technologies, Business Studies, Design Technology)
